SKILLS

- Excel
- power bi
- SQL
- English(fluent)

EDUCATION

SECONDARY SCHOOL

Sunyani Senior High School

2017- 2020

BACHELOR OF COMPUTER SCIENCE

University of cape Coast

2021 - 2025

EXPERIENCE

DATA ANALYST(INTERN)

2023- OCTOBER -PRESENT

MERISKILL -US (REMOTE)

First project

I helped build a sales dashboard for tracking product profitability. This helped the company identify high-profit products. link-to-dashboard

Second project

2.I built an HR attrition dashboard that helped the company understand how employee turnover affects its growth. link-to-dashboard

AN AUDITOR

2021- for two months   **Rid way company limited**

1. I worked as an Auditor at Ridway Company Limited (Ghana). My responsibilities included auditing the sales of employees and assisting them in acquiring new customers.

VENDOR AGENT

2021- for 7 months   **MTN**

2. I served as a mobile money agent at MTN, where I managed customer data. I applied for authorization to become one of their mobile money vendors, and my request was approved. I worked for them remotely from my house.

PERSONAL PROJECTS

I created a dashboard to help the company see which products were not making enough money. By using visual aids, I suggested ways to make them perform better. You can see this project on my portfolio website.

I made a dashboard to show how much money the company makes from selling different types of cookies. This helped me see which cookies weren't in high demand.
